Samsung G A10 2.5D Heat-tempered glass Screen Protector Bigben

The essential accessory to effectively watch over your mobile screen

GENCODE :
3571211414773

REF. :
PEGLASSA10

Characteristics

Curved 2.5D tempered glass screen protector to perfectly conform to the curves of the screen

High resistance to scratches and impacts: The 9H hardness standard of tempered glass makes it the most resistant screen protector against scratches. Grade 9H is at the highest level of hardness before diamond (10H) on a scale that defines resistance to touch, pressure and impact.

Smooth touch and finesse: A sensitivity that greatly facilitates the use and allows you to take full advantage of all the features of your device.

Real fuse against the breakage of your screen: Its role is to break by absorbing the shock to protect the screen of your device.

High-definition: An optimal optical transmission level and a minimum reflection rate allow the maintenance of the quality of the light image and its colors

Anti-fingerprints: Polymer-based surface treatment against fingerprints and the most frequent marks

This tempered glass is perfect for your mobile, while leaving enough room to use it with most cases.

Design

Green Act was designed to help you make a more responsible choice in favor of the environment when purchasing an accessory for your mobile.

Each product is rated on more than 70 criteria assessing its environmental, social and ethical impact as well as its performance in use. Find out how the environmental impact of our products is calculated at www.thegreenact.org.

A rating scale from A to E:

- A : Attentive to the planet 100% eco-designed
- B : Well designed to minimize the environmental footprint
- C : Correct to meet standard ecological criteria
- D : Must make efforts to limit the damage to the planet
- E : Considered harmful for the environment, the product must be redesigned
